

# BABYLEAF BEET

## RED RUBY

**RED RUBY** is a more vigorous Blush selection, suitable for year-round inclusion in salad mixes with a particular advantage in the cool and cold due to extra vigour. **RED RUBY** has an intense, deep red colour on both the upper-side and under-side of the leaf.

The high vigour of **RED RUBY** ensures faster and more even harvesting and the thick leaf ensures good weight while a slight cupping at maturity ensures bulk when used as a bagged product.
