

BABYLEAF PAK CHOI

MINTO

MINTO is a green-stemmed pak choi variety which produces leaves of very uniform size and shape which are ideal as a cut leaf product for inclusion in babyleaf salad mixes.

MINTO has good shelf life due to the thick, crisp leaves and has an erect plant habit when grown at high densities. **MINTO** can be grown year round and bolting is not an issue when leaves are harvested at the babyleaf stage.

VARIETY FEATURES

- Mid-green colour
- Light green stem colour
- Round leaf shape
- Smooth leaf margins
- Semi-erect growth habit

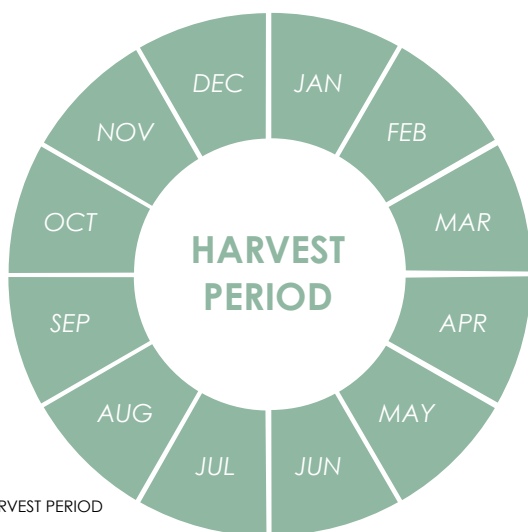

AGRONOMIC CONSIDERATIONS

- Hybrid variety
- Best results obtained from high population sowings particularly for machine harvested crops

PACK SIZES

1kg, 5kg, 10kg
