

CUCUMBER APPLE - FIELD

CRYSTAL APPLE

CRYSTAL APPLE is a heritage variety of apple cucumber that originated from Australia in the early 1900's. Producing a vigorous vine, **CRYSTAL APPLE** crops prolifically if the small blocky fruit are harvested regularly.

This outdoor variety can be left to trail on the ground or can be grown against a support. **CRYSTAL APPLE** produces fruit with a crisp, tender flesh and a mild flavour with no bitter after taste.
