

MICROGREEN BLINKY

BLINKY is a green cress bred specifically for sprouting and microgreen production.

BLINKY has a softer, more delicate taste for subduing mustard dominated mixes or as a stand-alone product.

An oval leaf shape, **BLINKY** has attractive presentation.

VARIETY FEATURES

- Mid green cotyledons
- Light green stems
- Mild cress flavour

PACK SIZES

500G, 5KG, 10KG

Untreated seed

All our microgreen seeds are untreated.

The information provided here is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions, including cultural/management practices, climate, soil type and geographic location.
