

TOMATO ROOTSTOCK ASTROLITE

ASTROLITE is a high-powered rootstock suitable for grafting with both tomato and eggplant scions.

ASTROLITE has shown capacity to support greater crop yields when compared to the current market references.

Rootstock **ASTROLITE** provides extensive disease resistance and will contribute to the strength and endurance of the crop, especially when included with lower vigour scions or in long cultivation cycles.

VARIETY FEATURES

- Strong vigour
- Superior root system development.

AGRONOMIC CONSIDERATIONS

- High production potential
- Compatible with tomato and eggplant scions
- Supports crop longevity.

HYBRID VARIETY

PACK SIZES

1C, 1M

DISEASE RESISTANCES

High Resistance: Fol(0, 1), For, On , Pf(1-5), Pl, ToMV(0-2), Va, Vd
Intermediate Resistance: Ma/Mi/Mj

The information provided here is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions, including cultural/management practices, climate, soil type and geographic location.
